## MB-Approval Certificate - Original

Changing the Formulation - ATF

### MB-Approval 236.7 for: "G-Box ATF DX III"

Dear Sir or Madam,

The aforementioned operating fluid complies with the requirements of the Mercedes-Benz Specifications for Operating Fluids, sheet 236.7 and is therefore approved for the respective Mercedes-Benz vehicles and assemblies. The application range is shown on the MB sheet and further defined on the sheet 231.1 / 231.2. Further requirements, e.g. SAE grades, capacities, change intervals etc. must also be observed.

The following regulations apply for the MB-Approval:

- The MB-Approval comes into force on the date shown on this certificate
- The MB-Approval is only valid as long as the product name is listed in MB BeVo-ONLINE <http://bevo.mercedes-benz.com>
- In addition, the regulations laid down in the "Obligations Regarding Approval for Operating Fluids" contract signed on 20.11.2017 apply.

A 2-liter back-up sample of each formulation, which can be called upon by Daimler AG at any given moment, must be retained for at least 3 years. We will inform you of the dispatch address.  
 Former MB-Approval Certificates for the aforementioned operating fluid are hereby rendered invalid.

Sincerely  
 Daimler AG

i.V. Dr. Christoph Doerr

i.V. Markus Paule
